

## **Goat Cheese Appetizers**

Submitted by: Cynthia Olcott

Seeded crackers

Goat cheese

black olive tapanade

green olive tapanade

sun dried tomatoes

Spread goat cheese evenly across the crackers. Top goat cheese with a row of black olive tapanade, a row of green olive tapanade, and a row of sun dried tomatoes.

These need to be made for immediate consumption. They are not as good when they turn soggy after sitting.
